Dear Commissioners,

I had a very productive, and informative talk with Jim R this morning. We talked about public service, the local justice system, the county attorney office, the sheriff department, and your need to take more control of the county government for the betterment of your constituents.

This is above partisan politics, and is not ignorable. At present, the county is involved in a civil rights case, and you all should read the pleadings of Boone, Karlberg (plaintiff law firm); the former Ravalli Co. residents who are seeking damage. See the Pacer online system at www.mtd.uscourts.gov for the Montana District. An online account can be set up within 5 minutes (I did it). Type Shook in the party entry place, or CV-172-DWM for the court case number. The pleading submitted on 3/27/09 highlights the problems our county faces.

Please also read both of these websites. They also highlight the issues our county faces as testified herein:

www.MTjustice.info

These matters require the commissioners to take control of Ravalli County, for prosperity, and longevity of residents.

I would gladly be available to have short, meaningful discussions as I did with Commissioner Jim R. this morning.

Your constituents thank you. I represent 20 or more unheard voices, some who gave up in our county detention center. I am available at this email address to you five commissioners. Thank you for your service.
